

# I Can Solutions for SAFETY IN SCHOOL

We used our I CAN power to ensure safety in our school. We felt unsafe because of the environment outside and we wanted protect ourselves. This is our journey. Which of the solutions would you try?

Nobody follows any traffic rules and there aren't even proper traffic signs on the road!

Chile

We have to walk up a dangerous mountain path to reach school everyday and it's very slippery at times.

Ragaytung Primary School  
Chukka, Bhutan

There are exposed drains nearby. Its high risk for us who are playing. Plastic containers cause the blockage!

India

Our school wall isn't secure, and thieves and vandals keep coming in and students keep leaving!

Epworth High School  
Zimbabwe

What if we felt safe, secure and protected from the outside world in our school?

Held demonstrations to bring the issue out

Raised funds to get sign posts fixed, zebra crossings drawn from the local authorities

Included teachers and parents, and rewarded responsible behaviour

Did press releases to spread the story

Rallied the community members for funds

Cleaned up the path to ensure safety in future.

Called in experts to teach them how to work with bamboo

Invited parents and community members to help with the process

Built the fence!

Collected plastic bottles from the community

Created eco bricks by tight packing the plastic bottles with mud

Built and plastered the eco wall

Tidied the surroundings

Collected old glass bottles

Made shards and cemented them on top of the wall

Using the FIDS formula, we made our school a safe and secure.

## WHAT WILL YOUR STORY OF CHANGE BE?
