

# I Can Solutions for CARING FOR ANIMALS

We used our I CAN power to take care of the animals around us. We felt that they are not treated well and we wanted to change that. This is our journey... Which of the solutions would you try?

There are injured birds everywhere on campus!

Experimental Elementary School & Taipei Municipal Hongdao Junior School, Taipei, Taiwan

There are so many abandoned animals on the road!

School Kindergarten SVIESA, Kaunas Lithuania

Many of our friends are scared of dogs and they bully because of the fear!

Matoshri English Medium School, Pune India

The cows who give us the milk we drink are not allowed to graze freely. They are cooped in stalls!

Israel

What if we could create a world where all animals were taken care and treated with love?

- Established, promoted and gather volunteers for the Healing Inn
- Learned how to feed and take care of the birds
- Put pictures on the windows so birds don't fly through them
- Sent dead birds to Wild Bird Society for research

- Went to Usha Kumari's house and spoke to her and her parents.
- Brought her to join school again and encouraged her towards her future
- Started requesting help so that her burnt mark can be treated

- Group sensitization through relaxation techniques, and inspiring videos
- Visted a nearby veterinary hospital
- Touch and feel a soft toy dog
- Supervised exposure to presence of dogs and short strolls

- Raised public awareness through a website we made and social media.
- Prepared presentations, designed posters and set up information counters.
- Recruited dairy farmers.
- Send letters and petitions to relavant government offices.

Using the FIDS formula, we changed our fear of dogs into friendship with them.

## WHAT WILL YOUR STORY OF CHANGE BE?
